

FURNITURE PROJECT DESIGNER

GL Seaman & Company is a leading contract furniture dealership based in North Texas. We create beautiful workspaces. We provide extraordinary service to our clients, and we believe in hiring the best talent. We are seeking an experienced designer to join our team.

Our Project Designers have the opportunity to engage in sales opportunities by partnering with the sales team to coordinate the design, selection and specification of product options. They are key communicators in listening and describing concepts and details by guiding the process towards excellent solutions to meet the customer's expectations. They will apply their creative expertise and design services to support new and existing customers. They will exceed the highest standards for design concepts and results.

Project Designers are expected to maintain an active knowledge of Knoll, Herman Miller and other manufacturers' furniture lines. They are responsible for researching product options and building presentation packages for clients. They will evaluate and design all requirements to meet customers' needs to deliver finished floorplans and product inventories. Designers may work individually, or as part of a team. They will be expected to balance multiple projects, and the role requires exceptional attention to detail and dedication to accuracy.

Position Highlights:

- Be responsible for the overall specification and completion of projects from initial concept to installation package
- Demonstrate excellent time management skills and flexibility; effectively and confidently addressing competing priorities and meeting deadlines
- Accompany Sales Associate to client meeting and/or participate during in-house strategy sessions to qualify the design parameters
- Participate in double-checks of peers' plans for design integrity and ADA compliance
- Follow established department processes while cultivating efficiencies
- Be proficient in design software, specifically CET Designer, AutoCAD, 2020 CAP (training available)
- Be an effective communicator, not afraid to ask questions to gather missing information
- Be able to juggle multiple projects in varying stages simultaneously
- Attend site visits as needed for client meetings or to verify field dimensions
- Maintain current knowledge of products and industry trends in workplace design
- Attend vendor presentations and continuously expand product knowledge
- Previous contract furniture dealership experience beneficial, but not required.
